

Introducing a groundbreaking new digital resource exclusively devoted to African American family history

ProQuest® African American Heritage is a groundbreaking new digital resource for libraries exclusively devoted to African American family history research.

Created in partnership with leading African American genealogists and recognized leaders in genealogical information, ProQuest African American Heritage offers a comprehensive mix of resources, records, and tools specifically pertaining to African Americans.

It helps address the unique issues of African American family research by not only bringing together critical genealogical records; but also by connecting to a community of research experts, whose mentoring and assistance can frequently be the difference between research success and futility.

Highlights include:

- Primary sources devoted specifically to African American family history, including census records, vital records, freedman and slave records, church records, legal records, and more
- Unique access to family history books related to African Americans, some made available in digital format for the first time ever
- Exclusive access to an updated, online edition of *Black Genesis*—an exhaustive guide that makes locating resources pertaining to slaves and free blacks easier
- Exclusive partnership with AfriGeneas—recognized as a leading social networking site devoted to African American genealogy—that provides direct access to expert advice, moderated forums, chats, mailing lists, surname registry, and more
- Access at the library or from the comfort of home
